EMPATHY MAP — Sanjay

HEAR

Seniors explaining the process.

Warden's rules on outings.

THINK & FEEL

Nervous about the approval steps.

Wants a simple, guided process.

SEE

Paper gate-pass registers.

Long queues at the gate.

PAINS

Doesn't know the full process.

Approval feels slow, unclear.

GAINS

A simple digital pass request.

Clear status on approval.

SAY & DO

Asks seniors how to apply.

Waits for manual approval.

EMPATHY MAP — Meera

THINK & FEEL

Wants faster approval.

Tired of repeating the process.

HEAR

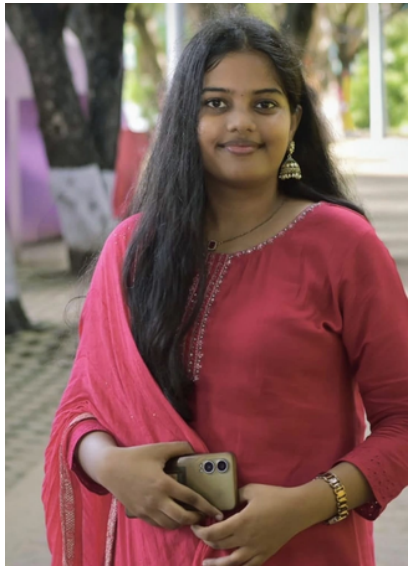

Friends noting approval delays.

Same details asked each time.

SEE

Crowded warden's office.

Manual entry register at the gate.

PAINS

Delays during busy hours.

No way to track status remotely.

GAINS

Instant approval tracking.

No repeated paperwork.

SAY & DO

Fills the same form again.

Follows up in person for status.

EMPATHY MAP — Harish

HEAR

Warden mentioning missed calls.

Passes rejected for no response.

THINK & FEEL

Worried parents miss the call.

Wants remote approval that works.

SEE

Unanswered calls to parents.

Manual call logs by the warden.

PAINS

Approval depends only on calls.

No digital parent confirmation.

GAINS

App-based approval, anytime.

A clear confirmation record.

SAY & DO

Asks warden to call again.

Messages parents separately.

EMPATHY MAP — Surya

HEAR

Warnings on strict curfew.

Others' late-return experiences.

THINK & FEEL

Anxious about being marked late.

Wants hostel to know she's safe.

SEE

Manual late-entry register.

Security noting entries by hand.

PAINS

Can't notify hostel in advance.

Late-return records are manual.

GAINS

Status sharing during outings.

Automated late-return alerts.

SAY & DO

Rushes to beat the curfew.

Explains delay at the gate.

EMPATHY MAP — Vaishu

HEAR

“Approvals usually take time.”

Asked for documentation first.

THINK & FEEL

Stressed about slow approval.

Process too slow for emergencies.

SEE

Paperwork even for urgent exits.

A multi-step approval chain.

PAINS

No fast-track for emergencies.

Manual checks delay urgent exits.

GAINS

A quick emergency request option.

SOS / priority handling.

SAY & DO

Visits the warden to explain.

Asks security for an exception.

EMPATHY INSIGHTS → GUARDIAN PASS

COMMON PAINS

Manual, slow approval process.

Parent approval relies on calls only.

No real-time tracking of students.

No centralized SOS system.

COMMON NEEDS

One centralized gate-pass platform.

Fast, verified parent approval.

Real-time status on every request.

Quick support in emergencies.

PRODUCT RESPONSE

Digital gate-pass request & approval.

App-based parent confirmation.

QR-based entry/exit verification.

SOS and safety alerts.

CONCLUSION

GUARDIAN PASS

Every student surveyed - new or senior, outstation or local - wants the same things: faster approval, verified parent confirmation, and real safety support. Guardian Pass brings all of it into one secure, transparent platform.
